

To Purchase textbooks for Huron Community Campus/Northern State University classes students will need to know the Department, course number, and section number for each class. Students should go to the [NSU Bookstore section of NSU's website](#) and enter the required information for a complete list of textbooks needed for each class. Students can then purchase their textbooks directly from the NSU bookstore or use other online means. If you have questions about your textbook purchases, contact Steve Ochsner at 353-8518.
