Rubble is described as concrete, rock, brick, shingles, couches, lumber/timbers, insulation, lathe and plaster, old furniture, old plumbing materials, carpet and sheetrock	

IT IS FURTHER RESOLVED that the city commission hereby delegates to the Solid Waste Commissioner the authority to grant a person or entity a full or partial waiver of the Restricted Use Sites disposal fees as set forth below:

(a)(1) of 100% of the cost of disposal related to demolition rubble which contains at least 60% or more concrete or brick, subject to City's need for the material at the Solid Waste Disposal site as determined by the City of Huron Solid Waste Superintendent or Landfill Coordinator, and provided (i) the person or entity hauls the material to and compacts it in the area(s) designated by the Solid Waste Superintendent or his/her designee, (ii) the person or entity then places an 8 inch layer of clay over area filled in by person/entity, (iii) the above identified work is done at the sole expense of the person or entity depositing the material at the Solid Waste Landfill Site, and (iv) the disposal and above

identified work to be done by the person or entity shall be completed within thirty days; or

(2) of 50% of the cost of disposal related to demolition rubble to be deposited provided (i) the rubble to be deposited is from demolition of a structure located within the City of Huron following a condemnation determination by the Building Inspector that the structure is to be demolished, and (ii) that the disposal to be done by the person or entity shall be completed within thirty days;

(b) a request for a waiver of the disposal fee as set forth above shall in writing, stating the reason for the request for a waiver and specifying the thirty day time frame in which the rubble would be taken to the Restricted Use Site and during which time period the waiver is requested, signed by the person or entity requesting the waiver, and submitted to the Solid Waste Superintendent;

(c) upon written request from the individual or entity granted a disposal fee waiver as set forth in (a) above the Solid Waste Superintendent may granted an extension not to exceed thirty days; any request for an additional extension shall be in writing and submitted to the city commission;

(d) should a request for a waiver or extension be denied by the Solid Waste Commissioner the person or entity requesting the waiver or extension may appeal to the city commission within ten days of receipt of the notice of the denial; an appeal shall be submitted in writing to the Finance Officer and shall be heard by the city commission within fourteen days of the filing of the notice of appeal;

(e) should the Solid Waste Commissioner be unavailable or have a personal or business interest in the waiver request submitted the Mayor shall approve or deny the waiver request.

IT IS FURTHER RESOLVED that yard waste consisting of grass clippings and leaves has been and will be allowed into the Restricted Use Site at no charge but will be weighed into the site.

IT IS FURTHER RESOLVED that people delivering mixed loads of material will be required to make multiple passes over the scale since different materials are charged at different costs per ton.

Tapping Fees For Water Services		
Tap Size	Total Fees	
1" & under	\$100.00**	
1 ½"	\$125.00 **	
2"	\$150.00 **	
** Plus Meter and Materials Fire Protection Services – No Charge		
Tapping fees do not cover materials or the cost of installing the material. Owner is responsible for the installation & maintenance of the service line from the main to the house. The water meter and tap must be installed within 30 days of purchase. All materials, shut-offs, and risers must conform to city ordinances and be pre-approved by city engineer before installation.		
Tapping Fees Rural Users		
<ul style="list-style-type: none"> ▪ Rural Tapping Fee – City tap fee plus 40%. ▪ No Trunkline Fee. ▪ Monthly service charge as listed above. ▪ If a rural user is annexed, the rural user may pay the trunkline fee and switch to city rates. ▪ Rural residents will be served when it becomes economically feasible to install main to their area. The feasibility will be determined by the City Commission. ▪ All materials, shut-offs, and risers must conform to city ordinances and be pre-approved by city engineer before installation.
