WELCOME TO AN EXCITING, FUN AND LEARNING-FILLED SUMMER!

REGISTRATION MARCH 27
The Huron Parks and Recreation Department is providing the recreation programs and events listed in this tabloid for the enjoyment and use of all who wish to participate in the activities. The department offers year round leisure activities that reach out to the community to promote mental stimulation, physical fitness and self-awareness. Our hope as a Department is that everyone involved in the programs will be able to obtain a positive recreational experience and work together to grow in community pride and unity so that these programs will continue to be maintained at current levels. In realization of community spirit and support, maximum participation and new programs should be achieved, so get involved by registering for what could be a lifetime activity or interest. A great example of community support came with the funding of Splash Central Water Park and Central Park. We complete this project to bring it to the citizens for their use and learn from our experience with the fourth year of waterpark operations. We also are working with the 2015 Leadership Huron Class to complete the Kansas Mall improvements.

The Department is experiencing developmental changes and opportunities that have been presented to the public to improve the quality of life in Huron. Your involvement in established and new offerings by the Department should allow services to better use park and recreation facilities. The development at the Campus Center should allow more offerings that the public needs. Many organizations and individuals have donated their time and funds to better the facility and we are open to working with them to provide even more opportunity for public use. The development of the James River Recreation Area Master Plan continues and was presented to the public last July with phases to be worked into key recreation areas.

We as a Department are proud of our parks and would promote our philosophy, so please use these areas and treat them with respect. A State Hockey tournament was held along with State Swim Meets. We continue to work with our Mayor’s wellness program and the fitness room. As a department we have constantly held state softball tournaments in our city and will host a tournament this summer. Trail expansion and replacement is complete in Prospect Park and Pepsi Soccer Fields.

Our goal as a Department is to plan according to the needs of the community and provide for the needs by maintaining beautiful park lands and promoting creative recreational programs.

Remember to create memories and that Parks & Recreation benefits are endless.

Director of Huron Parks and Recreation

We, the Huron Parks and Recreation Department, are proud to support the South Dakota Parks and Recreation Association.  
This Association of Professionals is active in providing programs, workshops and legislation to improve and enhance park and recreation opportunities in our state.
For further information about SDPRA contact the State, your local park office, or the Huron Parks and Recreation Department at (605)353-8533.
The Huron Parks, Recreation and Forestry Department does not carry medical insurance for the participants of the program. The cost of doing so would be so high that fees charged for programs would become prohibitive. We suggest that you review your family’s personal health insurance plan to be sure that it provides you with sufficient coverage.

We also suggest that you check with your family physician before participating in any Parks and Recreation Department programs that requires physical exertion. If your physician should discover some factors that could limit you physically, please consider them when registering for programs.
**Exercise Trails**

**LOCATION: Memorial Park (1.2 miles)**
All are welcome to use this 1.2 mile concrete trail, which follows along the James River on the edge of Memorial Park. Replacement sections of concrete trail were installed last year totaling over 2,800 feet in the park itself to allow a good surface for public use.

**LOCATION: Ravine Lake Park (5.595’ or 1.1 mi.)**
The Ravine Lake Trail adds a great opportunity to the total trail system in Huron. The Ravine Lake Park is experiencing many positive changes in appearance and usage. A community wide effort has been involved in this project. A trail connection to Riverside Park has been added along Jersey Avenue. Ideas and donations are welcomed to allow the best use of the area. The Izaak Walton Island trail connection has been replaced.

**LOCATION: Riverside Park (approx. 1/4 mile)**
This trail is also concrete and follows along the James River. Further fishing access is being planned in the future.

**LOCATION: Southwest Huron starting at Pepsi Soccer Complex (Approx 2.5 miles) to Wal-Mart along Lincoln Avenue, 15th and Arizona, 21st & Dakota Avenue SW.**
The concrete trail provides walking and biking access to many businesses and services. The total trail length is approximately 5 miles, which will hopefully become a part of the city-wide trail system.

Wobbegongs Swim Team

Learn-to-Swim
(children approximately 6 years through teen)

Designed to help participants achieve maximum success, Learn-to-Swim courses are based on a logical, six-level progression that helps swimmers of varying ages and abilities develop their water safety, survival and swim skills.

*Hours vary

LEVEL 1: Introduction to Water Skills

Helps participants feel comfortable in the water.
- Enter water using ramp, steps or side
- Exit water using ladder, steps or side
- Blow bubbles through mouth and nose
- Bobbing
- Open eyes under water and retrieve submerged objects
- Front and back glides and recover to a vertical position
- Back float
- Roll from front to back and back to front
- Tread water using arm and hand actions
- Alternating and simultaneous arm and leg actions on front
- Alternating and simultaneous arm and leg actions on back
- Combined arm and leg actions on front and back
- Plus age-appropriate water safety topics

LEVEL 2: Fundamental Aquatic Skills

Gives students success with fundamental skills.
- Enter water by stepping or jumping from the side
- Exit water using ladder, steps or side
- Fully submerge and hold breath
- Bobbing
- Open eyes under water and retrieve submerged objects
- Rotary breathing
- Front, jellyfish and tuck floats
- Back glide and recover to a vertical position
- Front glide and recover to a vertical position
- Roll from front to back and back to front
• Tread water using arm and leg actions
• Change direction of travel while swimming on front or back
• Combined arm and leg actions on front and back
• Finning arm action
• Plus age-appropriate water safety topics

LEVEL 3: Stroke Development

Builds on the skills in Level 2 through additional guided practice in deeper water.
• Enter water by jumping from the side, fully submerge then recover to the surface and return to the side
• Headfirst entries from the side in sitting and kneeling positions
• Bobbing while moving toward safety
• Rotary breathing
• Back float
• Survival float
• Change from vertical to horizontal position on front and back
• Tread water
• Flutter and dolphin kicks on front
• Scissors and breaststroke kicks
• Front crawl and elementary backstroke
• Plus age-appropriate water safety topics

LEVEL 4: Stroke Improvement

Develops confidence in the skills learned and improves other aquatic skills.
• Headfirst entries from the side in compact and stride positions
• Swim under water
• Feetfirst surface dive
• Survival swimming
• Open turns on front and back
• Tread water using 2 different kicks
• Front and back crawl, elementary backstroke, breaststroke, sidestroke and butterfly
• Flutter and dolphin kicks on back
• Plus age-appropriate water safety topics

LEVEL 5: Stroke Refinement

Provide further coordination and refinement of strokes.

Level 5 participants learn to:
• Shallow-angle dive from the side then glide and begin a front stroke
• Tuck and pike surface dives, submerge completely
• Front and back crawl, elementary backstroke, breaststroke, sidestroke and butterfly
• Sculling
• Plus age-appropriate water safety topics

LEVEL 6: Swimming and Skill Proficiency

Refines the strokes so participants swim them with ease, efficiency, power and smoothness over greater distances. Level 6 is designed with “menu” options that focus on preparing participants for more advanced courses, including the Water Safety Instructor course, or other aquatic activities, such as competitive swimming or diving. Each option also includes applicable water safety topics.

Options include the following:
• Fitness Swimmer
• Personal Water Safety
• Fundamentals of Diving

Preschool Aquatics

• Enter water using ramp, steps, ladder, or side
• Enter water by jumping into shoulder-deep water
• Exit water using ladder, steps, or side from chest-deep water

Public Tree Care

The Huron Parks and Recreation Department supports the proper care of our urban forest trees which includes parks and other public land, and the tree care efforts of homeowners on their private property.

Trees are provided to the third graders every year at all Huron Schools through our department and through the county with the help of the Beadle County Conservation District. These trees are part of the future tree program to make Huron an even better place to live. Trees lost in our city parks due to flooding will need to be replaced as funds allow. Memorial Park and Riverside Park continues to need an extensive tree planting program if flooding is not an issue this spring.

Young trees will need proper pruning and extra water and mulch to provide enough food with the remaining leaf surface to thrive for another growing season. The South Dakota Arborist Association provides information concerning the growing, maintenance, and planting of trees and shrubs. Please call the Huron Parks and Recreation Department for more information on tree care at (605) 353-8533 or contact our local Extension Office at (605) 353-8436.

Thank you for your help to better the quality of life in Huron by maintaining a quality urban forest and a qualifying Tree City USA for 34 years.

LaRon J. Klock
Director of Parks and Recreation

The inspections department will be continuing its effort to bring trees along streets, sidewalks, and alleys into compliance with city ordinance. Ordinance information can be found by going to the city’s website at huronsd.com or by calling the inspections department at 605-353-8512.

Bone Builders

Bone Builders is an exercise program designed to build bone, increase strength, and improve balance.
