Northern State University Presents Masters Degree In Teaching And Learning

Classes Held In Huron At Huron Community Campus

- **Educators may earn salary increases with a master's degree that could quickly recover the cost of this program.**
- Program will run for two years beginning Fall 2014 and ending Summer 2016.
- The degree consists of 35 credits (nine required classes, two elective classes, and an internship).
- Students can transfer up to nine hours into the program including ENL endorsement credits earned previously.
- The cost of the program is \$100 per credit hour (\$3,500 total over the two-year length of the program). The same classes and program costs \$414.85 per credit hour at the other South Dakota public universities, and much more at private universities. This Huron program offers a minimum savings of over \$11,000 on tuition (75% discount).
- This program is federal financial aid eligible for those who qualify.
- An open house is scheduled at the Huron Community Campus on August 20, 2014 at 6:00 p.m. to collect additional applications and answer questions about the program.
- More information is available at www.huroncommunitycampus.org or contact Steve Ochsner at 353-8518 or sochsner@huronsd.com. The schedule is flexible depending on students schedules, but in order to complete this program within a two-year period, most semesters will consist of one night a week and one Saturday a month or two weekend days per month.
- **Don't miss this opportunity --- HCC will not offer this program again for at least five years.**

Apply for Admission at
www.huroncommunitycampus.org.
**Sign up now - enrollment is limited thirty
enrolled students!**

The Nordby Family Foundation is the major sponsor and this program would not be offered without their support and leadership. Other organizations that helped make this program possible include the Huron University Foundation, Huron Community Foundation, and the United Way Heartland Region.
